**Dear Parents,**

**I am very much looking forward to working with the children in Lower Trans this year.**

**Please find below a few details of the structure of the Speech and Drama lessons this term.**

### **Autumn Term**

**Confidence building games**

**Learning to work in pairs and small groups**

**Developing vocal range**

**Basic poetry rhythms**

**Homework as such will not be set, they will be asked to look through and familiarise themselves with what we have done that day in lesson time. Could I please ask that your child has a Speech and Drama folder from Half Term to enable them to keep any work in. This can be a ring file, or small box file. The children can decorate them as they wish but please make sure they are clearly named. Thank you.**

**As the year progresses the children will look at poetry, prose and Drama and develop an appreciation and understanding of the spoken word and a love of literature. There will be progressive preparation in oracy - speaking, reading and listening.**

**Examinations and festival work will not be covered until the children reach Upper Trans.**

**Please feel free to contact me if you have any questions or queries about what your child should be doing.**

**Tina Quinn  
Speech & Drama Teacher**
